

EXPERT ABILITY MEETS ESSENTIAL AGILITY

Agility is at the very core of how Cofomo operates, and what it offers. Change happens fast, but we move faster by not only adapting to our clients' needs, but also anticipating them.

We're ever-ready for evolving mandates in application and software development, integration of business solutions, deployment and quality assurance.

Our expertise

Our approach is based on the agile value system, consisting of individuals and interactions over processes and tools, working software over comprehensive documentation, customer collaboration over contract negotiation, and responding to change over following a plan.

Using these values, we're able to:

- Manage IT systems and their development
- Increase operational performance
- Increase capacity and velocity
- Benefit from value-driven delivery models

How we can help

Cofomo pairs best practices with the best teams of seasoned talents, thus ensuring that it stays ahead of the curve with the tools and methods it proposes, while putting the right minds behind them to act and implement at just the right time.

From fast digital transformation strategies, to ensuring the capacity and speed of project delivery, our agile teams of experts, collaborative and flexible delivery models, and fixed costs enable you to accelerate the availability of your offer to market.

ABOUT COFOMO

Established in 1995, Cofomo is a Canadian leader in information technology (IT) and business consulting services, which translates today into the acceleration of client companies' digital transformation.

Its solutions cover the full range of business needs, including strategy, innovation, agility, intelligence, security, and cloud computing.

Its unique expertise is delivered through flexible on-demand project and talent delivery models.

A team of over 3,000 professionals provides these services to large private and public sector organizations, mostly located in Eastern Canada. This team is supported by a high-performance, lean organization and a state-of-the-art digital ecosystem to communicate with clients, acquire and manage talents and projects, and deliver the full services of the new digital economy.
