of **growth** and **innovation**.

**A single point of contact**

One trusted partner to guide you through  
every stage of your transformation.

**Both tactical and strategic**

A comprehensive offering designed to tackle  
your challenges, support your ambitions,  
and help your organization thrive.

**A client-centric approach**

A personalized approach that embraces  
your uniqueness, processes, and culture.

Our offering.

# End-to-end collaboration.

## **Management consulting and strategic support**

We ensure alignment between your business strategy, objectives, and capabilities, while maximizing coherence and convergence across all your initiatives.

## **Architecture, design, and solution implementation**

We turn your vision into reality by guiding you at every stage of your projects—from delivery strategy to deployment—to ensure success and adoption.

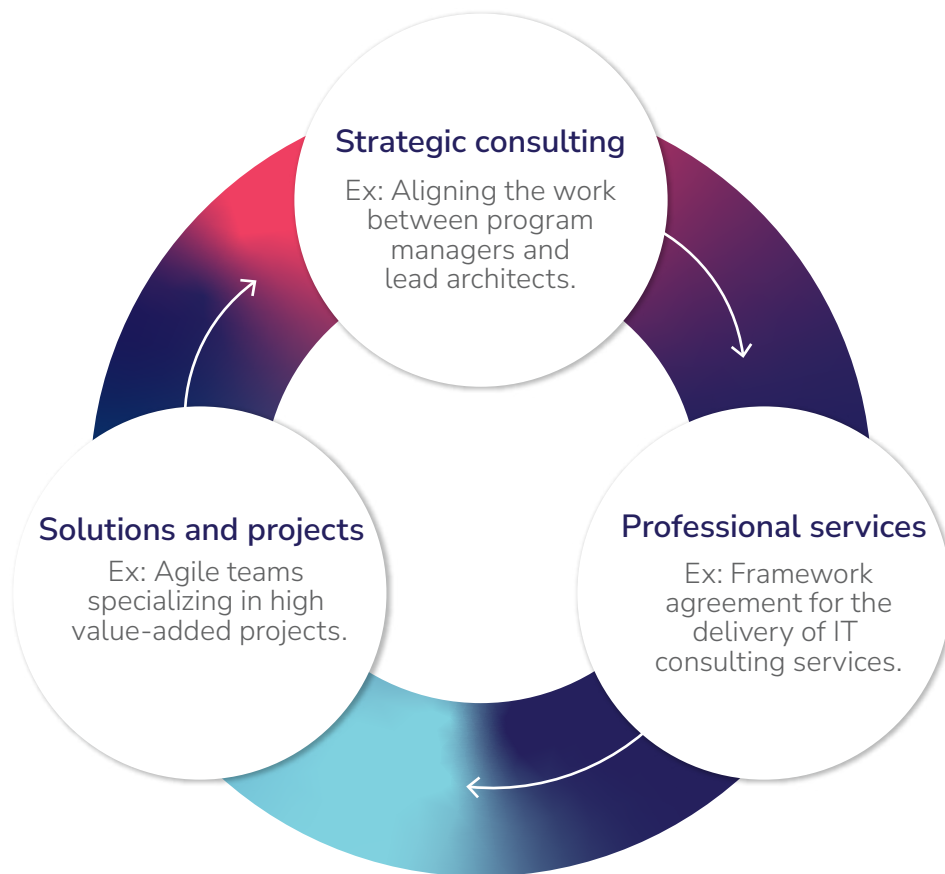

## **Operational support and continuous improvement**

We safeguard the performance and continuity of your operations, while providing you targeted expert support for sustainable management.

Our delivery methods.

# Support tailored to your needs.

Our offering is supported by three delivery methods that can be activated at any stage of your transformation life cycle.

What sets us apart?

## Our digital ingenuity.

Powered by 10 Centers of Excellence, our experts have the know-how and resources needed to make every project a success and deliver results that drive productivity, innovation, and growth.

Because behind every strategy and project, there are experts.

**Better experts mean better results.**

What is digital ingenuity?

It's the art of combining creativity and innovation to transform processes, enhance the customer experience, and boost performance, thereby driving growth and long-term sustainability for organizations.

# Business acumen

Our business acumen is rooted in our expert's deep knowledge, diverse experience, and their ability to align digital initiatives with strategic goals—driving meaningful, iterative transformation.

- Clear understanding of organizational dynamics
- Insightful vision of performance and growth levers
- Cross-industry experience

# Expertise

For over 30 years, COFOMO has brought together, nurtured, and mobilized exceptional experts to help you strengthen your technological and business capabilities—boosting efficiency and performance.

- Multi-technology expertise
- In-depth knowledge of trends and emerging technologies, supported by 10 centers of excellence
- 225+ certifications

# Human agility

At COFOMO, we don't rely solely on operational or contractual rigor. We embrace a collaborative approach and a management style that allows us to adapt throughout the project—delivering tangible results.

- Collaborative approach between internal and external teams
- Management style focused on proximity, active listening, and agility
- Responsiveness to changes in project scope and evolving technologies

Our Centers of Excellence.

# The know-how that drives our success.

We created our Centers of Excellence to foster digital ingenuity within our organization. Their mission is to stay ahead of emerging trends, promote best practices, and formalize our knowledge and methodologies.

## An unparalleled level of support

### **Access to the latest and most relevant technologies**

Constant monitoring of trends and innovations to keep you at the forefront of technology.

### **Adoption of best practices**

Promoting optimized, proven methods to boost your operational efficiency, reduce risks, and accelerate your project success.

### **Skills development**

Formalizing knowledge to share our key competencies internally and externally, strengthening team capabilities.

### **Higher quality deliverables**

Supporting the execution of your most complex and strategic projects.

### **Resource optimization**

Minimizing costs related to errors, duplication, or inefficient processes.

Center of Excellence

### **PROJECT & PROGRAM MANAGEMENT**

Ensure successful execution of initiatives.

At COFOMO, we believe that successful transformation is rooted in coherence and convergence.

That's why our approach considers the full spectrum of initiatives and promotes the convergence of all transformation efforts, thereby breaking down organizational and technological silos that limit results and hold back true growth.

Our strength.

## Our approach.

Tailored to each client, our approach respects the uniqueness of every organization. Rather than imposing change, our holistic approach fosters collaboration, focus, and mobilization.

### Collaboration

Collaboration means building a relationship of trust that enables efficient work and anticipates future needs. We immerse ourselves in your business context, processes, and culture to truly understand your ambitions and challenges.

### Focus

We stay laser-focused on the goal to be achieved ensuring alignment between all your initiatives and market dynamics that may impact your project's success.

### Mobilization

We bring together the most relevant talents around a shared objective to drive solution adoption and help you fully capitalize on your transformation efforts.

## A benefit-driven approach

### Proximity

Being close means staying attentive, curious, and available.

### Active listening

Listening means taking the time to understand and tailor our solutions to your organization reality.

### Flexibility

Being flexible means adapting to your team dynamic and the evolution of your projects.

An unmatched technological know-how and intelligence that generates lasting results and growth.

- A synergy between your business strategies and technological infrastructure
- Creative and strategic solutions that address your business challenges
- Reimagined or improved business processes
- Initiatives and efforts aimed at reducing silos
- Projects that mobilize and stimulate your team engagement

Our values.

Beyond words, COFOMO's values guide our actions and shape our policies. Without them, we'd be just another company—and we are anything but that.

### **Commitment**

We are committed to mobilize as a team to achieve common goals.

### **Courageous**

We have the courage to innovate, to speak frankly and act with respect and equity.

### **Diversity**

We believe in the unique richness of each person.

### **Passion**

We love what we do, and that passion is what powers our excellence and success.

### **Creativity**

We think creatively to deliver value in everything we do.

It's our ability to align digital initiatives with business strategies  
that defines who we are.

It's the know-how, skills, and insight of our experts  
that sets us apart.

And it's the way we support our clients  
and build authentic, lasting relationships  
that makes us COFOMO.
